Weymouth RFC Under 10s Player in Rugby World Cup Video disappointment!

On the day that Wales narrowly lost to France in the RWC Semi-Final, Robert Hunter from Weymouth Under 10s, along with just over 200 other year 5 & 6 children from all over England were at Twickenham to film a video which was to be shown during the closing Ceremony of RWC 2011. The filming took place behind closed doors in the stadium, and the kids were sworn to secrecy about the content, although it was known that the subject was the handover to the English RFU for RWC 2015. Having

completed the filming, the kids then had to wait all week to watch themselves after the final only to be disappointed when ITV didn't show it! Although it was shown by all the other global broadcasters, the ITV schedule didn't allow enough time and the programme finished before the closing ceremony took place. Robert and the other

kids did get to keep their souvenir T-shirts though, with the RWC 2015 logo, although that probably didn't really make up for not seeing themselves on the television. The short video is currently available to view by following this link: <http://buto.tv/nR65j>
